INFORMATION CALENDAR

MAYWOOD MUTUAL WATER COMPANY NO.2
CONSOLIDATION PROPOSAL

SUMMARY:

Maywood Mutual Water Company No. 2 is one of three mutual water companies (Maywood Mutual Water Company No. 1 and Maywood Mutual Water Company No. 3) serving the City of Maywood community with groundwater and imported water. On June 01, 2007, District staff (General Manager and Deputy General Manager), Director Chacon (Division III), State Department of Health Services representatives, Community residents and City representatives attended a meeting called by Maywood Mutual Water Company No. 2 to discuss the pros and cons of consolidating all three Maywood Mutual water companies. Maywood Mutual Water Company No. 1 and No. 3 declined attendance.

Maywood Mutual Water Company No. 2 presented a historical view of their company's development and reasons for consolidation. The core of their reasoning for consolidation centered on cost-efficiencies with staff, infrastructure investment, improved water quality and better response to customers needs.

District General Manager Art Aguilar and Director Chacon expressed that Central Basin is neutral on the issue and extended District assistance to all three Mutual's in addressing their issues.
