WEST BASIN AND CENTRAL BASIN MUNICIPAL WATER DISTRICTS

Manager of Engineering Supplemental Questionnaire

This questionnaire will assist the Districts in reviewing your qualifications for the current position vacancy. Applications submitted without a supplemental questionnaire will not receive further consideration. Please limit your responses to two pages.

1. Summarize your education and training related to this position.
2. Describe two public works projects that you have worked on related to this position. Indicate your role and scope of responsibility on those projects.
3. Describe your management/supervisory experience. Include the employer, your scope of responsibility, number and type of employees supervised, and dates.
4. Describe any other specific experience or training you feel is relevant to this position.
